

ConferenceAnytime™ InstantConnect™

ConferencePlus™ InstantConnect provides conference hosts the ability to dial out to conference participants during a ConferenceAnytime call without the need of an operator. Hosts can use either the ViewPlus web-based tool or a DTMF command to initiate InstantConnect.

With ConferenceAnytime InstantConnect, hosts can manage meetings easily and more efficiently in the following ways:

- + Quickly and easily reach out to all meeting invitees for a last-minute meeting
- + Add new participants to a planned meeting
- + Reach out to a resource person and keep the meeting moving forward

Dialing Restrictions

All InstantConnect calls are routed over the ConferencePlus network, and are restricted to the NANPA (North America Number Plan Administration) area codes, which includes US and Canada. "976" prefixes for Chicago-land area codes (224, 312, 630, 708, 773, 815, 847) and "555-XXXX" numbers for all area codes are blocked.

International calls and the noted NANPA area codes listed below are blocked from dial-out with InstantConnect.

NPA	Location	NPA	Location
242	Bahamas	700	Inter-exchange Carrier Services
246	Barbados	710	US Government
264	Anguilla	758	St. Lucia
268	Antigua/Barbuda	767	Dominica
